

IT IS TO BE "short horse soon hurried" with this session of the Legislature, and it is probable that some important measures will be overlooked. The matter of inducing immigration from the United States is one that should have the attention of the members without much delay. The more people that are here permanently the better will be the business of every store keeper on the islands.

A good farmer is worth something to the store keeper who sells honest goods at low prices, that's us. We are offering ribbons all widths at prices that actually make us ashamed to tell you what they are. The coats of our rivals turn green with envy when they hear of them. We have them in every conceivable shade.

Our stock of underwear has never been equalled, much less excelled in either quality or price. It is absolutely the best at what you pay for a second or third class article. It was only by chance that we secured the stock of a well known dealer in San Francisco, (overstocked was his excuse for disposing of it), and as we got them far below the market value we are enabled to give you the benefit of our good luck. They're going rapidly, these suits, and you must speak quick if you want them.

If you are thinking about getting a riding or bicycle suit you had better look into our ladies, cloth and serges. The quality is right and so is the price. All shades and desirable widths.

The Celebrated Geyser Mineral Water.

To a great extent good health depends on the water we drink, and if one wants to be absolutely safe a good natural mineral water should be selected. There are many mineral waters offered the public, but how many of them have any real merit? The famous naturally boiled Geyser Mineral Water today takes the lead over all others, and a good proof of this fact is that it was granted the "special award" at the late Midwinter Fair. This is the very highest award, higher than the first award, as it is only given for special merit.

Geyser water is the only naturally boiled mineral water in the world that is bottled; it is bottled at the Geyser Springs, where it bubbles from the earth at a temperature of 212 degrees, and is a pure naturally distilled water. What can be purer?

As a table water it has no equal—is crisp and sparkling, delicious for lemonade and for mixing with wines, fruit syrups, etc. It is possessed of strong medicinal qualities and is highly beneficial for dyspepsia and all stomach troubles, and being naturally boiled, is of course free from all germs of disease. Its ingredients are such that it acts pleasantly on the bowels and is a perfect blood purifier. It must not be confounded with Geyser soda, which doesn't come from the Geysers, for none is genuine but the naturally boiled Geyser Water.—Pacific States.

and its Cure

Consumption

To the Editors:—I have an absolute remedy for Consumption and all Throat and Lung Troubles. By its timely use thousands of hopeless cases have been already permanently cured. So positive am I of its power that I consider it my duty to send two bottles free to those of your readers who have Consumption or any Lung Trouble if they will write me their express and post-office address. T. A. SLOCUM, M.D., 183 Pearl Street, New York. The Editorial and Business Management of this Paper Guarantee the genuineness of the above Proposition. Sincerely,
Established 1876.
